PROFILE SUMMARY

Motivated Computer Science student with a strong interest in data analytics and data-driven problem solving. Skilled in SQL, Excel, and Tableau, with hands-on experience creating dashboards and analyzing datasets as part of academic and self-learning projects. Strong willingness to learn new tools, apply analytical thinking, and contribute to real-world projects in a data analyst role.

PROJECTS

Retail Sales Analytics

- Built an end-to-end Retail Sales Analytics dashboard using Tableau to analyze revenue trends, customer behavior, and product performance. Implemented RFM segmentation and sales forecasting to identify high-value customers and predict future sales.
- Designed KPIs such as Total Sales, Profit Margin, YoY Growth, and Repeat Customer %, enabling deeper business insights. Applied Tableau's forecasting model to predict future sales trends and support data-driven decision making.

Hospital Patient Flow & Efficiency Dashboard Using Tableau

- Designed a Healthcare Patient Flow and Efficiency Dashboard in Tableau to analyze waiting times, readmission rates, and department performance. Identified operational bottlenecks and proposed data-driven improvements for hospital efficiency.
- Built interactive charts (heatmaps, bar charts, Sankey flow) to display real-time patient pathways and performance metrics.

AutoNav: A Self Driving Car Simulator

- Built an autonomous driving simulation using CARLA to navigate challenging Indian road conditions. Implementing computer vision techniques for obstacle detection, lane following, and rough-road navigation.

EDUCATION

Bachelors of Engineering

Nov 2022 – June 2026

MVJ College of Engineering

- B.E. in Computer Science and Engineering
- Final CGPA: 8.52
- Senior Basketball Player for College

Central Board of Secondary Education

July 2020 – June 2022

CMR National Public School

- PCMB – Physics, Chemistry, Mathematics, Biology

KEY SKILLS

- **Technical Skills :** SQL , Tableau , Java , Excel , Python , Git/GitHub , Jupyter Notebook.
- **Soft Skills :** Leadership , Communication , Team Collaboration , Problem Solving.
